

## Discharge Instructions After Your Echo/Vascular Ultrasound

### When the test is over, you may:

- Return to your normal diet
- The physician will discuss your test results with you during a future office visit or by a phone call or in some cases immediately after the test.
- These results will help your doctor plan your treatment or plan for further testing that may be needed.
- If you would like your results before your next office visit, you may call your doctor in two business days after the test.

### Additional Instructions:
